**Portfolio:** <https://karan11233.github.io/Portfolio-/>

Dynamic web developer with experience at H cube web solution, proficient in Next.js and MongoDB. Proven ability to deliver custom websites that exceed client expectations, showcasing strong organizational skills and initiative. Mastery of HTML, CSS, and JavaScript ensures top-quality, efficient code for diverse projects.

### PROFESSIONAL EXPERIENCE

**Dec '24 – Mar '25**

**Intern** | H cube Web Solution, Vadodara , Gujarat

- Gained experience, exposure and knowledge of career-specific procedures and systems.
- Developed strong organizational and time management skills by completing multiple tasks simultaneously.
- Demonstrated ability to take initiative and work independently on assigned projects.

**Jan '24 – May '24**

**Web Developer** | Online, Vadodara , Gujarat

- Developed custom websites to meet individual client needs.
- Created clean, well-documented custom code and updates.
- Leveraged mastery of HTML, CSS, and JavaScript to build top-quality code for diverse projects.

### PROJECTS

#### Bank Management System

Developed a robust Bank Management System to efficiently handle customer accounts and simulate banking operations through manual inputs. Implemented core features such as account creation, deposits, withdrawals, fund transfers, and transaction history tracking using Java. Designed an intuitive terminal-based user interface for seamless navigation. Ensured data handling accuracy through input validation and logical checks. Strengthened program structure for optimized performance and reliability in a console environment.

#### Music Website

Developed a dynamic Music Education Website tailored for selling music course notes and learning materials. Built e-commerce-style functionality that allows users to browse, purchase, and access educational content related to music. Implemented features such as user authentication, secure payment integration, search functionality, and responsive UI for seamless navigation. Designed an intuitive interface using HTML, Tailwind CSS, React, and Next.js. Handled backend operations with Node.js and MongoDB to ensure efficient data management, user security, and reliable performance.

### EDUCATION

**Parul University | 2021–2025**

B.Tec IT

- CGPA: 7.14
